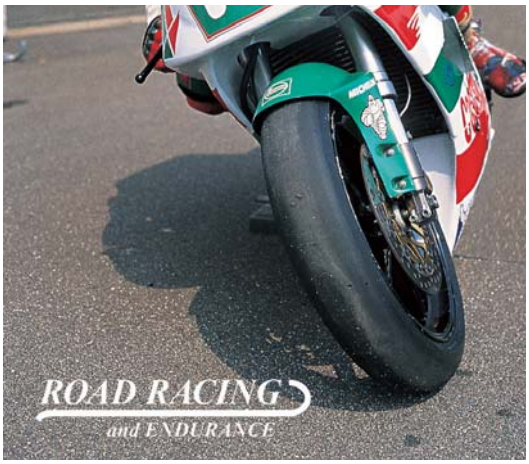
THE BEST KNOWN NAME IN BRAKES



Seasoned Braking Performance.

When it comes to stopping your motorcycle, **BENDIX** has a head start over the competition. For one thing, **BENDIX** is the world's best-known name in brake pads and braking systems—a "seasoned performer" with a reputation for bringing some of the fastest vehicles in the world to a stop.

In 2000 we added **Sintered Metallic** Motorcycle Brake Pads for Supersport, MX and ATV to our well known Asbestos Free Organic compound range. During 2001 another benchmark was achieved with our **C-MATRIX** material for Road Racing. In 2008 two **NEW** high-tech sintered metallic compounds are added to the range: MSS for maxi scooter and MSR for the absolute highest level of Road Racing and Endurance applications. This enables **BENDIX** to maintain the leading position for high performance braking.

The Brakes for All Seasons. What sets **BENDIX** Motorcycle Brake Pads apart from all the rest is their superior performance under all possible riding conditions. Hot or cold, wet or dry, high speed or low — **BENDIX** Brake Pads give the same consistent braking performance stop after stop. Our specially formulated, Asbestos Free and/or Sintered Metallic braking compounds respond excellently to the rider's braking input and return precise feedback for safe accurate stopping power.

In addition, **BENDIX** Motorcycle Brake Pads are designed for optimum fade and squeal resistance, providing the strong, silent type of performance that suits just about every style of riding. There is a **BENDIX** pad for nearly all Harley-Davidson, Honda, Kawasaki, Suzuki, Yamaha, BMW and other European models currently on the roads today.

The Brakes for All Reasons. No matter what kind of bike you ride or conditions you like to ride in, there is one name you should remember for improved braking performance: **BENDIX**. Our Motorcycle Brake Pads are widely available at motorcycle dealerships and performance shops everywhere. So the next time you need brake pads, buy **BENDIX** — for *seasoned* braking performance.

Capacidad de frenado inigualable

Cuando se trata de frenar su motocicleta, **BENDIX** gana a la competencia por una cabeza. En primer lugar, **BENDIX** es la marca más conocida en la especialidad de pastillas de freno y sistemas de frenado, un constructor reputado por poder frenar algunos de los vehículos más rápidos del mundo.

En el año de 2000 incluimos nuestras pastillas **metálicas sinterizadas** para motocicletas, destinadas a aplicaciones en Supersport, MX y ATV en el surtido de nuestro famoso compuesto orgánico libre de asbesto. En el año 2001 la introducción de una nueva referencia tuvo lugar mediante el compuesto **C-MATRIX** para Road Racing. En 2008, dos **NUEVOS** compuestos metálicos aglomerados con tecnología punta se han añadido a la gama: MSS para el maxi scooter y MSR para las aplicaciones de gran nivel como Carreras de Velocidad y Pruebas de Resistencia. Esto hace posible para **BENDIX** consolidar su posición como líder en el ramo del frenado de alto rendimiento.

Frenos para todas las estaciones. Lo que diferencia las pastillas de freno **BENDIX** para motocicletas del resto, es su superior rendimiento en todas las condiciones de conducción. Haga calor o frío, tiempo húmedo o seco, siendo la velocidad alta o baja, las pastillas de freno **BENDIX** proporcionan la misma capacidad de frenado uniforme una vez tras otra. Nuestros compuestos sin asbesto y/o compuestos metálicos sinterizados de fórmula especial, responden perfectamente al sistema de frenado del corredor siendo el resultado un poder de frenado seguro y preciso.

Además, las pastillas de freno **BENDIX** para motocicletas están diseñadas para permitir un frenado óptimo sin chirrido ni pérdida de potencia, adaptado a precisamente todos los estilos de conducción. Existe una pastilla de freno **BENDIX** para casi todos los Harley-Davidson, Honda, Kawasaki, Suzuki, Yamaha, BMW y otros modelos europeos comunes en las carreteras de hoy.

Frenos para todas las razones. No importa el tipo de moto que Vd. maneja ni las condiciones en las que prefiere manejar, la única marca que debe recordar para mejorar su capacidad de frenado, es **BENDIX**. Nuestras pastillas de freno para motocicletas son suministradas por distribuidores de motocicletas y talleres de reparación en todo el mundo. Por ello, la próxima vez que Vd. necesita una pastilla de freno, compre **BENDIX** cuya capacidad de frenado es inigualable.

BENDIX est la marque la plus connue mondialement dans le domaine des plaquettes de freins et des systèmes de freinage - celle d'un constructeur réputé pour avoir assuré le freinage de véhicules figurant parmi les plus puissants et les rapides au monde.
